International Aviation:Liability, Insurance & Finance conference

This event brings together world-leading aviation liability, insurance and finance experts to address, inter alia, the following topics:

- Recent Developments in Liability of Air Carriers
- Liability of Airports and other Service Providers
- Products Liability of Manufacturers of Aircraft, Engines and Component Parts
- Global Regulatory Update
- Insurance
- Environmental Liability
- Cargo Liability
- Aircraft Finance
- Future Industry Trends
- Data & Technology Liability
- Passenger Rights – Dispute Resolution Trends
- Shooting Down Aircraft

In addition, the conference will host two luncheons and a reception/dinner to facilitate networking among attorneys, insurers, air carriers, manufacturers and government representatives.
