

# TRIP Symposium 2025

## Twentieth Symposium on the ICAO Traveller Identification Programme (TRIP-Symposium-2025)

Registration is now open for the [20th Traveller Identification Programme \(TRIP\) Symposium](#), scheduled from 4 to 6 November 2025 at ICAO Headquarters in Montréal. We invite you to register for this symposium by clicking [here](#).

Under the theme “**Identity Beyond Borders: Building the Next Generation of Seamless Travel**,” TRIP Symposium 2025 will discuss strategies and action plans for:

- Continued digitalization of civil registration systems
  - Introduction of new technologies for travel documents and digital credentials
  - Enhanced use of biometrics in identity management systems
  - More secure and efficient automation of border clearance procedures
  - Better application of passenger data for risk profiling
- And many more...

This year marks a significant milestone for TRIP Symposium –20

years of fostering strategic dialogue, developing action plans, and addressing the challenges and achievements associated with enabling seamless and secure passenger identification.

As we build on the collaborations and success of past 2 decades, we invite all aviation stakeholders to participate this year and continue contributing to shaping the future of secure and efficient travel.
